

St Paul's CE Academy

Our Curriculum

Here at St Paul's C of E Academy we provide a personalised creative curriculum using Cornerstones Maestro. We offer a broad and balanced curriculum set within our local context. We aim to encourage children to ask questions, learn skills and secure knowledge that will support them to become lifelong passionate learners.

The Cornerstones Maestro Curriculum is a nationally recognised thematic approach to learning that is mapped to the Primary National Curriculum, ensuring comprehensive coverage of national expectations. The themes for each year group have been reviewed to ensure a rich menu of exciting and motivating learning activities are provided in all year groups. To support our thematic approach to learning, each termly unit has a corresponding novel/s that is used across English and Guided Reading lessons.

We believe children learn best when they are encouraged to use their imagination and apply their learning to an engaging context. The Cornerstones Maestro Curriculum provides a high level of challenge where children are required to solve problems, apply themselves creatively and express their knowledge and understanding effectively across the curriculum.
