

Pupil Premium Strategy Statement

This statement details our school's use of pupil premium funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil Premium Strategy Plan

Statement of Intent

It is our intent to narrow the attainment gap between disadvantaged and non-disadvantaged pupils.

For all disadvantaged pupils in school to meet or exceed nationally expected progress rates in order to reach or exceed Age Related Expectations at the end of Year 6.

To support disadvantaged pupil's health and wellbeing, to enable them to access learning at an appropriate level

To ensure that disadvantaged pupils attend school and are on time, ensuring no loss of learning.

Our principles

To ensure that all pupils receive quality first teaching, using assessment data to identify gaps in learning, so that additional support can be given.

To ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed. SEMH and well being support for disadvantaged pupils is delivered through the work of our Safeguarding Lead, Mental Health Lead and Attendance Officer.

To recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.

When making decisions about using Pupil Premium funding it is important to consider the context of our school and the subsequent challenges faced, this is alongside research conducted by the EEF.

Common barriers to learning for disadvantaged children can be: less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. The challenges are varied and there is no "one size fits all".

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils. The challenges are varied.

Challenge number	Detail of challenge
1	SEMH – social deprivation leading to low self- esteem impacting on learning, behaviour for learning and well-being; with emotional and behavioural barriers to learning.
2	Lack of school readiness; low academic baselines on entry, both socially and emotionally.
3	Social difficulties at school during playtimes and lunchtimes.
4	Delayed language development, weak language and communication skills
5	Complex family situations and lack of parental support.
6	Addressing attendance issues.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improved attainment in reading, writing and maths in KS1 and KS2	Achieve national standards or better in reading, writing and maths in KS1 and KS2 with evidence of closing the attainment gap.
Improved phonic standards for disadvantaged pupils	Achieve above national average expected standard in PSC, closing the disadvantaged gap.
Improved attendance for disadvantaged pupils	Ensure attendance of disadvantaged pupils is at least 96%
Improved strategies for dealing with challenges and resilience building of disadvantaged pupils	Pupils have strategies for overcoming challenges and greater resilience.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

No matter the phase or school setting, it is the quality of teaching that can make the biggest difference to children's learning and to their ultimate success in school. As Rauch and Coe explain, it is 'arguably the single most important thing that teachers and school leaders can focus on to make a difference in children's learning'. What's more, the quality of teaching is not fixed: teachers can be improved, and they can be improved via effective professional development</p>	
<p>Use of diagnostic assessment to respond to the needs of pupils and address identified gaps in learning - pupil progress review meetings termly using Insight and gap analysis data following termly data drops.</p>	<p>The EEF Guide to the Pupil Premium (September 2024): Gaining a thorough knowledge of your disadvantaged pupils' levels of attainment is the first step to develop an effective Pupil Premium strategy. Once you've assessed the performance of your disadvantaged pupils against national 1,2 6 benchmarks, you should examine what could be hindering the attainment of those pupils who are below age-related expectations or are eligible higher attainers who are underachieving. This will involve diagnosis of academic challenges, for example to identify which pupils require additional support to develop literacy skills and in which specific areas.</p>	<p>1, 2</p>
